condition caused by insufficient amount of oxygen intake:

- A-Dysphonia
- B-Anthracosis
- C-asphyxia
- D-pleurisy

Answer:c

a micro bialtestto identify disease causing organisms of lower
:respiratory tract

- A-sweattest
- B-spirometer
- C-sputum c&s
- D.sputum cytology

Answer:c

:Thumb finger is (.)to the ring finger

- A-Distal
- B-Ventral
- C-Serperior
- D-lateral

Answer:d

Abnormal breathing pattern with long periods of apnea followed by
deep and
rapid breathing

- A.cheyne stokes syndrome
- B.CF
- C.COPD
- D.asthma

Answer:a

itis from respiratory destris syndrome

- A. hyaline membrane disease
- B.CF
- C. arelecrasis
- D.emphysema

Answer:a

Plane that cut the body into two equal sides :

- A-Parasagittal plane**
- B-Frontal plane**
- C-Transverse plane**
- D-Sagittal plane**
- E-Coronal plane**

.Answer:d

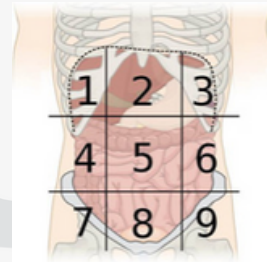

Ears are....to the nose:

- A-Posterior**
- B-Proximal**
- C-Lateral**
- D-Anterior**
- E-Distal**

Answer:c

The region(5) of the abdomen is called:

- A-Left iliac region**
- B-Right iliac region**
- C-Umbilical region**
- C-Hypogastric region**
- D-Epigastric regions**

Answer:c

The membrane that surrounds the heart providing it both isolation and support is:

- A.pericardium**
- B.endocardium**
- C.myocardium**
- D.epicardium**

Answer:a

Sudden drop in blood pressure when standing up:

- A.orthostatic hypotension**
- B.infarct**
- C.regurgitation**
- D.ischemia**

Answer:a

used to dissolve clots?

- A.thrombolytic therapy**
- B. anti angina**
- C.ACE inhibitor**
- D. Nitrates**

Answer:a

Q/severe pain and sensation of constriction around heart; caused by myocardial ischemia:

- A.hematoma**
- B.septic**
- C.angina pectoris**
- D.polythemia vera**

Answer:c
