

Internal Medicine

2024/2025- RAUH

lectures & seminars

	CVS	RS	GI
Lectures	Infective Endocarditis	Pneumonia	Peptic Ulcer Disease
	Heart Failure	Chest X-Ray	Upper GI Bleeding
	ECG Review	Pulmonary Function Tests	Viral hepatitis
	Myocardial Infarction	ABGs	Liver cirrhosis
	Cardiomyopathies	Asthma	Celiac Disease
	Valvular Heart Disease	COPD	Inflammatory Bowel Disease
	Arrhythmias	Tuberculosis	Autoimmune Hepatitis
Seminars	Management of Myocardial Infarction	ARDS	Lower GI Bleeding
	Complications of Myocardial Infarction	Idiopathic Pulmonary Fibrosis	Gastro-Esophageal Reflux Disease
	Atrial fibrillation	Pleural effusion	Irritable Bowel syndrome
	Cardiogenic shock	Hemoptysis	Ascites
	Pericarditis	Sarcoidosis	Approach to the patient with constipation
	Aortic Dissection	Thromboembolism	Approach to the patient with diarrhea
		Pulmonary Hypertension	Approach to the patient with jaundice
			Malabsorption
			Malnutrition

	Rheumatology	Nephrology	Endocrinology
Lectures	Approach to a patient with joint pain	Acute Kidney Injury	Parathyroid Disorders
	Seronegative arthritis	Chronic Kidney Disease	Adrenal insufficiency
	Rheumatoid arthritis	Hypertension	Diabetes Mellitus
	Arthritis and rash	Glomerulonephritis	Thyroid disorders
	Vasculitis	Electrolyte Disturbances	
	Scleroderma	Acute tubular necrosis	
	Dermatomyositis		
	Crystal induced arthritis		
Seminars	Rheumatic Fever	Nephrotic Syndrome	Diabetes insipidus
	Familial Mediterranean fever	Urinary Tract Infection	Hypopituitarism
	Behcet's disease	Nephritic syndrome	Complications of DM
		Polycystic Kidney Disease	Cushing's Disease
		2ry HTN	Approach to unconscious patient
		Management of hyperkalemia	
		Rand artery stenosis	
		Peritoneal dialysis and hemo dialysis	

	Hematology	Infectious diseases
Lectures	Anemias	Antibiotics
	Platelet disorders	HIV
	Hemostasis and Shock	Fever of Unknown Origin
	Leukemia	
	Lymphomas	
Seminars	Multiple myeloma	Sexually transmitted disease
	Approach to leukocytosis and leukopenia	Organophosphorus Poisonin
	Anticoagulant therapy	
	Disseminated Intravascular Coagulatio	

وَأَمَّا الظَّنُّ بِاللَّهِ
فَيَنْبَغِي أَنْ يَعلَوْ بِهِ
فَوْقَ الْفِتْرَاتِ وَالْعِلَلِ
وَالْآثَامِ، وَلَا يَزَالُ يَعلَوْ؛
فَإِنَّ اللَّهَ عِنْدَ ظَنِّ عَبْدِهِ
بِهِ.

- الرافعي.
