1- Which of the following is the relative risk for Ductal carcinoma in situ (DCIS)?

Select one:

- A- 10%
- B- 25%
- C- 35%
- D- 5%
- E- 3%

2- Which of the following triggers releasing milk by lactating mother?

Select one:

- A- Oxytocin
- B- Prolactin
- C- Thyroxin
- D- Growth hormone
- E- Adrenaline

3- All of the following is true about N. gonorrhoea except?

Select one:

- A- Endocervix is the primary infection site
- B- Causes inflammation of urethra
- C- Patients with congenital deficiency of C7, C8, C9 are at high risk
- D- 90% of infected women are asymptomatic
- E- Rare complications may include epididymitis, prostatitis, and periurethral abscesses

4- Which of the following is sensitive but nonspecific test for syphilis?

Select one:

- A- VRDL
- B- TPPA
- C- TPHA
- D- FTA Antibody
- E- PCR

5- Which is the artery that supplies corpora cavernous?

Select one:

- A- Dorsal artery of the penis
- B- Radial artery
- C- Vaginal artery
- D- Deep artery of the penis
- E- Basilar artery

6- A man came to hospital with releasing his stomach contents with PH= 7.55, PCO₂= 52, HCO₃⁻= 40 what does he most likely has?

Select one:

- A- Metabolic alkalosis
- B- Metabolic acidosis
- C- Respiratory alkalosis
- D- Respiratory acidosis
- E- None of the following

7- Which drug is used orally for treating scabies?

Select one:

- A- Penicillin
- B- Ceftaxime
- C- Metronidazole
- D- Permethrin
- E- Ivermectin

8- Which of the following is false about candida?

Select one:

- A- Treated with praziquantel
- B- Candida may cause a fungus ball or an obstructive fungal mass with symptoms as renal colic
- C- Diagnosed by Ultrasound & Intravenous urography.
- D- Treated with Fluconazole (orally).
- E- Dysuria, frequency of micturation; often confused with a bacterial infection are symptoms of bladder candidiasis

9- Which drug is replicase inhibitor for virus?

Select one:

- A- Penicillin
- B- Dasabuvir
- C- Ledipasvir
- D- Sofosbuvir
- E- Simeprevir

10- Which drug is protease inhibitor for virus?

Select one:

- A- Penicillin
- B- Dasabuvir
- C- Ledipasvir
- D- Sofosbuvir
- E- Simeprevir

11- Which drug is used in lamivudine resistance?

Select one:

- A- Entecavir
- B- Dasabuvir
- C- Ledipasvir
- D- Sofosbuvir
- E- Semiprevir

12- Which of the following drug is reverse transcriptase?

Select one:

- A- Entecavir
- B- Telbivudine
- C- Ledipasvir
- D- Sofosbuvir
- E- Adefovir

اخر موديول هااااانت يلا قوم واجمد ومتعيطش

13- Which of the following drug is antiprogestin?

Select one:

- A- Clomiphene

- B- Tamoxifen
- C- Fulvestran
- D- Mifepristone
- E- Anastrozole

14- One of the following is pure estrogen antagonist?

Select one:

- A- Clomiphene
- B- Tamoxifen
- C- Fulvestran
- D- Mifepristone
- E- Anastrozole

15- Which of the following is aldosterone antagonist?

Select one:

- A- Spironolactone
- B- Chlorthalidone
- C- Indapamide
- D- Furosemide
- E- Torsemide

16- Which of the following is false about treatment of digoxin toxicity?

Select one:

- A- Correction of electrolyte imbalances
- B- Charcoal effective within 8 hours
- C- Atropine for bradycardia avoid cardio stimulants because arrhythmogenic

D- Dialysis is effective

E- DIGIBIND Fab digoxin specific antibodies

17- A 30 years old female came to the hospital due to patches on her vulva and diagnosed with lichen Sclerosus which of the following is false about this disease?

Select one:

A- The pathogenesis is uncertain, autoimmune disorders

B- It appears as smooth, white plaques (termed leukoplakia) or papules that in time may extend and coalesce

C- It occurs in post-menopausal females only

D- The pathogenesis is uncertain, autoimmune disorders

E- A small percentage of women (1%) with symptomatic lichen sclerosus develop squamous cell carcinoma of the vulva

18- What is the posterior relation for the prostate?

Select one:

A- Fascia of Denonvilliers

B- Kidney

C- Urinary bladder

D- Aorta

E- Uterus

19- Which part of male reproductive system secretes most of seminal fluid?

Select one:

A- Prostate

B- Penis

C- Seminal vesicle

- D- Epididymis
- E- Paradidymis

20- All of the followings are branches of internal pudendal artery except?

Select one:

- A- Perineal artery
- B- Inferior rectal artery
- C- Middle rectal
- D- Artery of the bulb
- E- Deep artery of the clitoris.

21- Maculopapular rash is found in?

Select one:

- A- Tertiary syphilis
- B- Secondary syphilis
- C- Primary syphilis
- D- Scabies
- E- None of the following

22- Threatened abortion occurs within?

Select one:

- A- First 10 weeks of pregnancy
- B- First 12 weeks of pregnancy
- C- Third trimester of pregnancy
- D- At second day of pregnancy
- E- Does not occur

23- All of the followings are true except?

Select one:

A- Metrorrhagia: Irregular menstrual intervals, excessive flow and duration

B- Oligomenorrhea: Menstrual interval greater than 35 days

C- Secondary amenorrhea: Absence of menstruation for 3-6 months in a woman who previously menstruated

D- Primary amenorrhea: Absence of menstruation despite signs of puberty

E- Menarche: Age of onset of pregnancy

24- One of the following is inappropriate hygienic practice?

Select one:

A- Wiping from front to back

B- Protected sex

C- Hand washing after changing of sanitary towel

D- Safe disposal of used sanitary materials or blood

E- Changing pads frequently

25- All of the followings are PCOS symptoms except?

Select one:

- A- Persistent anovulation
- B- Polycystic ovaries
- C- Obesity
- D- Hypertension
- E- Persistent anovulation

26- Which of the following drugs causes hyperkalemia?

Select one:

- A- Hydrochlorothiazide
- B- Indapamide
- C- Spironolactone
- D- Chlorothiazide
- E- Furosemide

27- Which of the following is the lymph drainage for fundus and upper part of the body?

Select one:

- A- Superficial inguinal lymph nodes
- B- Pre and para aortic lymph nodes
- C- Internal iliac lymph nodes
- D- External iliac lymph nodes
- E- Internal and external iliac lymph nodes

28- All of the following drugs causes nephrotoxicity except?

Select one:

- A- Penicillin

- B- NSAIDs including COX 2
- C- Radio opaque contrast materials
- D- Aminoglycosides
- E- Calcium channel blockers

29- Which of the following drugs is GnRH analogue?

Select one:

- A- Ganirelix
- B- Flutamide
- C- Cyproterone
- D- Spironolactone
- E- Ketoconazole

30- Which of the following drugs is Hepatotoxic?

Select one:

- A- Estradiol
- B- Dihydrotestosterone
- C- Testosterone
- D- Methyl testosterone
- E- Progesterone

31- One of the following is true about methylergonovine?

Select one:

- A- More selective than other ergot alkaloids in
- B- Its effect on uterine muscle is the result of powerful indirect action
- C- 5-HT₁ + alpha₂-adrenoceptor agonist actions

D- It doesn't help preventing postpartum hemorrhage

E- It is given IV only

32- Total hematuria is associated with the injury of?

Select one:

A- Membranous urethra

B- Prostatic urethra

C- Bladder & above

D- Neck of bladder

E- Penis

33- Which of the following the palpated part of prostate during rectal examination?

Select one:

A- Membranous urethra

B- Lateral lobe

C- Inferior lobe

D- Anterior lobe

E- Posterior lobe

34- Genital herpes is associated with?

Select one:

- A- HSV2
- B- HSV1
- C- Syphilis
- D- Chlamydia
- E- Scabies

35- Retro pubic pad of fat is related to bladder?

Select one:

- A- Anterior
- B- Posterior
- C- Inferolateraly
- D- Superior
- E- Medial

36- Diabetes mellitus is associated with?

Select one:

- A- Decrease urine volume, increase urine specific gravity
- B- Increase urine volume, increase urine specific gravity
- C- Increase urine volume, decrease urine specific gravity
- D- Decrease urine volume, decrease urine specific gravity
- E- Nothing

37- What's not associated with loin pain? مش متأكد من الإجابة

Select one:

- A- Polynephritis
- B- Appendicitis
- C- Cholecystitis
- D- Cystitis

E- None of the following

38- Which of the following congenital anomalies for hymen diagnosed lately?

Select one:

- A- Semilunar
- B- Cribriform
- C- Imperforate
- D- Annular
- E- Septate

39- Which of the following crystals found in acidic urine?

Select one:

- A- Calcium phosphate
- B- Amorphous phosphate
- C- Triple phosphate
- D- Calcium oxalate
- E- None of the following

وانا يحاول ألم المنهج ... 😊

40- One is associated with seminoma?

Select one:

- A- Bell clapper
- B- Obesity
- C- Descanted testis
- D- i(12p)
- E- Short height

41- A 9-year-old presented to the clinic with sensor neural deafness, posterior cataracts, and corneal dystrophy. A urinalysis revealed microscopic hematuria and no proteinuria. Many family members are presented with various renal diseases, especially males. Microscopic examination of a renal biopsy showed glomerular capillaries with irregular basement membrane thickening, splitting and lamination. Which of the following is the most likely diagnosis?

Select one:

- A- Berger Disease
- b. Alport syndrome
- c. Minimal change disease
- d. Autosomal dominant polycystic kidney disease
- e. Good pasture syndrome

42- Post infectious GN associated with?

Select one:

- A- Immune complex formation
- B- Ab against Ag on podocyte
- C- Antiglomerular basement membrane Ab

43- Which of the following intracellular contents results in typical golden yellow appearance of clear cell renal cell carcinoma?

Select one:

- A) Hyaline globules
- B- Lipid
- C- Mitochondria
- D- Glycogen
- E- Lysosomes

44- Sub epithelial hump found in?

Select one:

- A) Post infectious GN
- B- Alport
- C- Minimal change disease
- D- FSGS
- E- IGA nephropathy

45- All of the following about lichen sclerosis are true except?

Select one:

- A) White plaque
- B- Autoimmune
- C- Happens for all ages
- D- Do not progress to cancer
- E- It is benign

46- Which of the following is the most common ovarian tumor?

Select one:

- A) Mucinous
- B- Serous
- C- Germ cell
- D- Granulosa theca
- E- Fibroma

47- Which of the following HPV types associated with cancer?

Select one:

- A) HPV 1/6
- B- HPV 6/11
- C- HPV 16/18
- D- HPV 1/2
- E- HPV 5/7

48- Which of the following IS associated with HIV infection?

Select one:

- A) FSGS
- B- Minimal change disease
- C- IgA nephropathy
- D- Post infectious GN
- E- Membranous nephropathy

49- Classification of renal carcinoma is based on?

Select one:

- Growth pattern

50- One of the following is false about yolk sac tumor?

Select one:

- High B HCG
