

Neuroanatomy practical-4

Pons and Midbrain

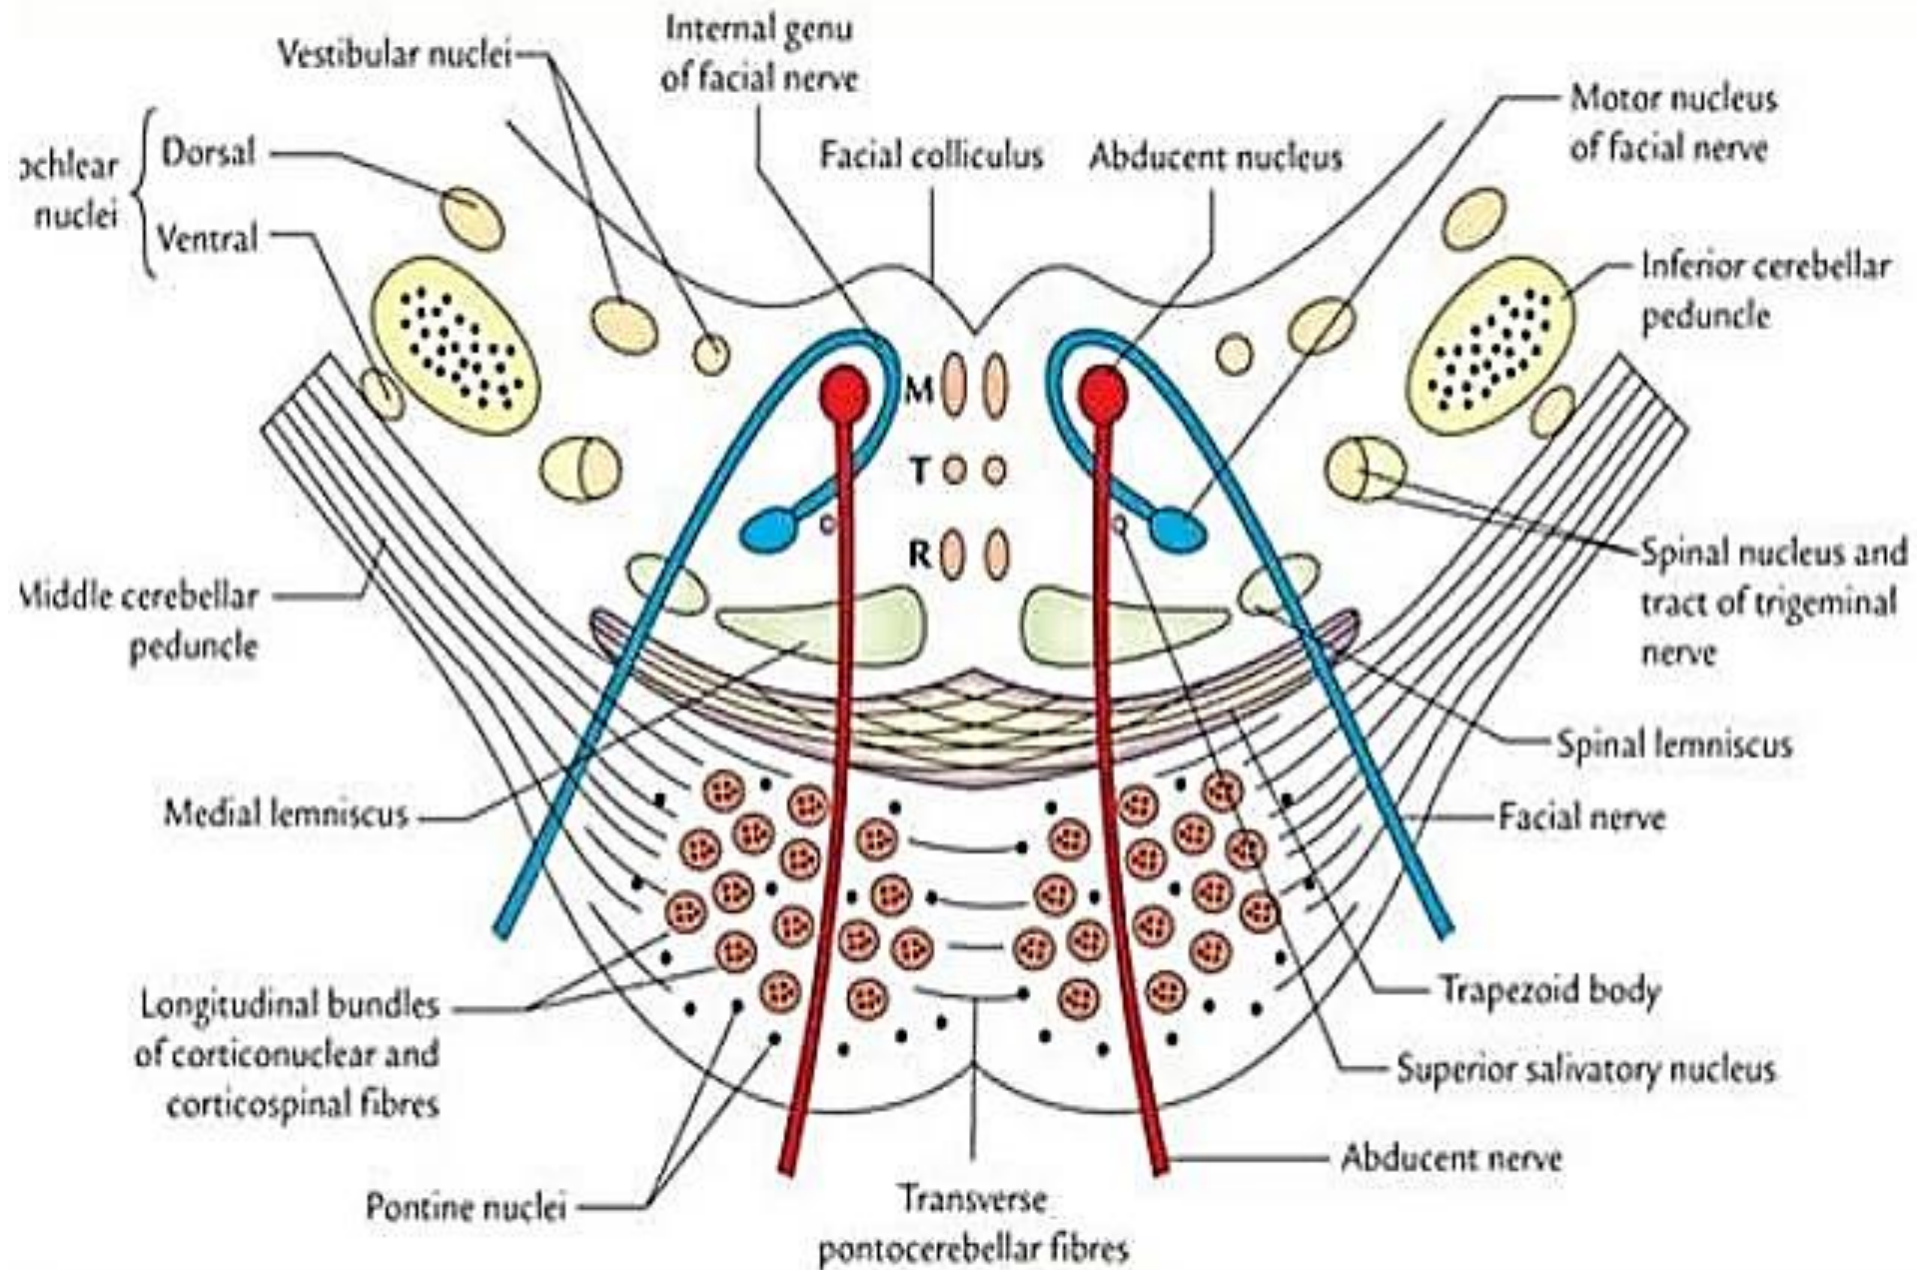

Dr. Rasha Abdelaziz Abdellatif

**Associate professor of human anatomy and
Embryology – Mutah university**

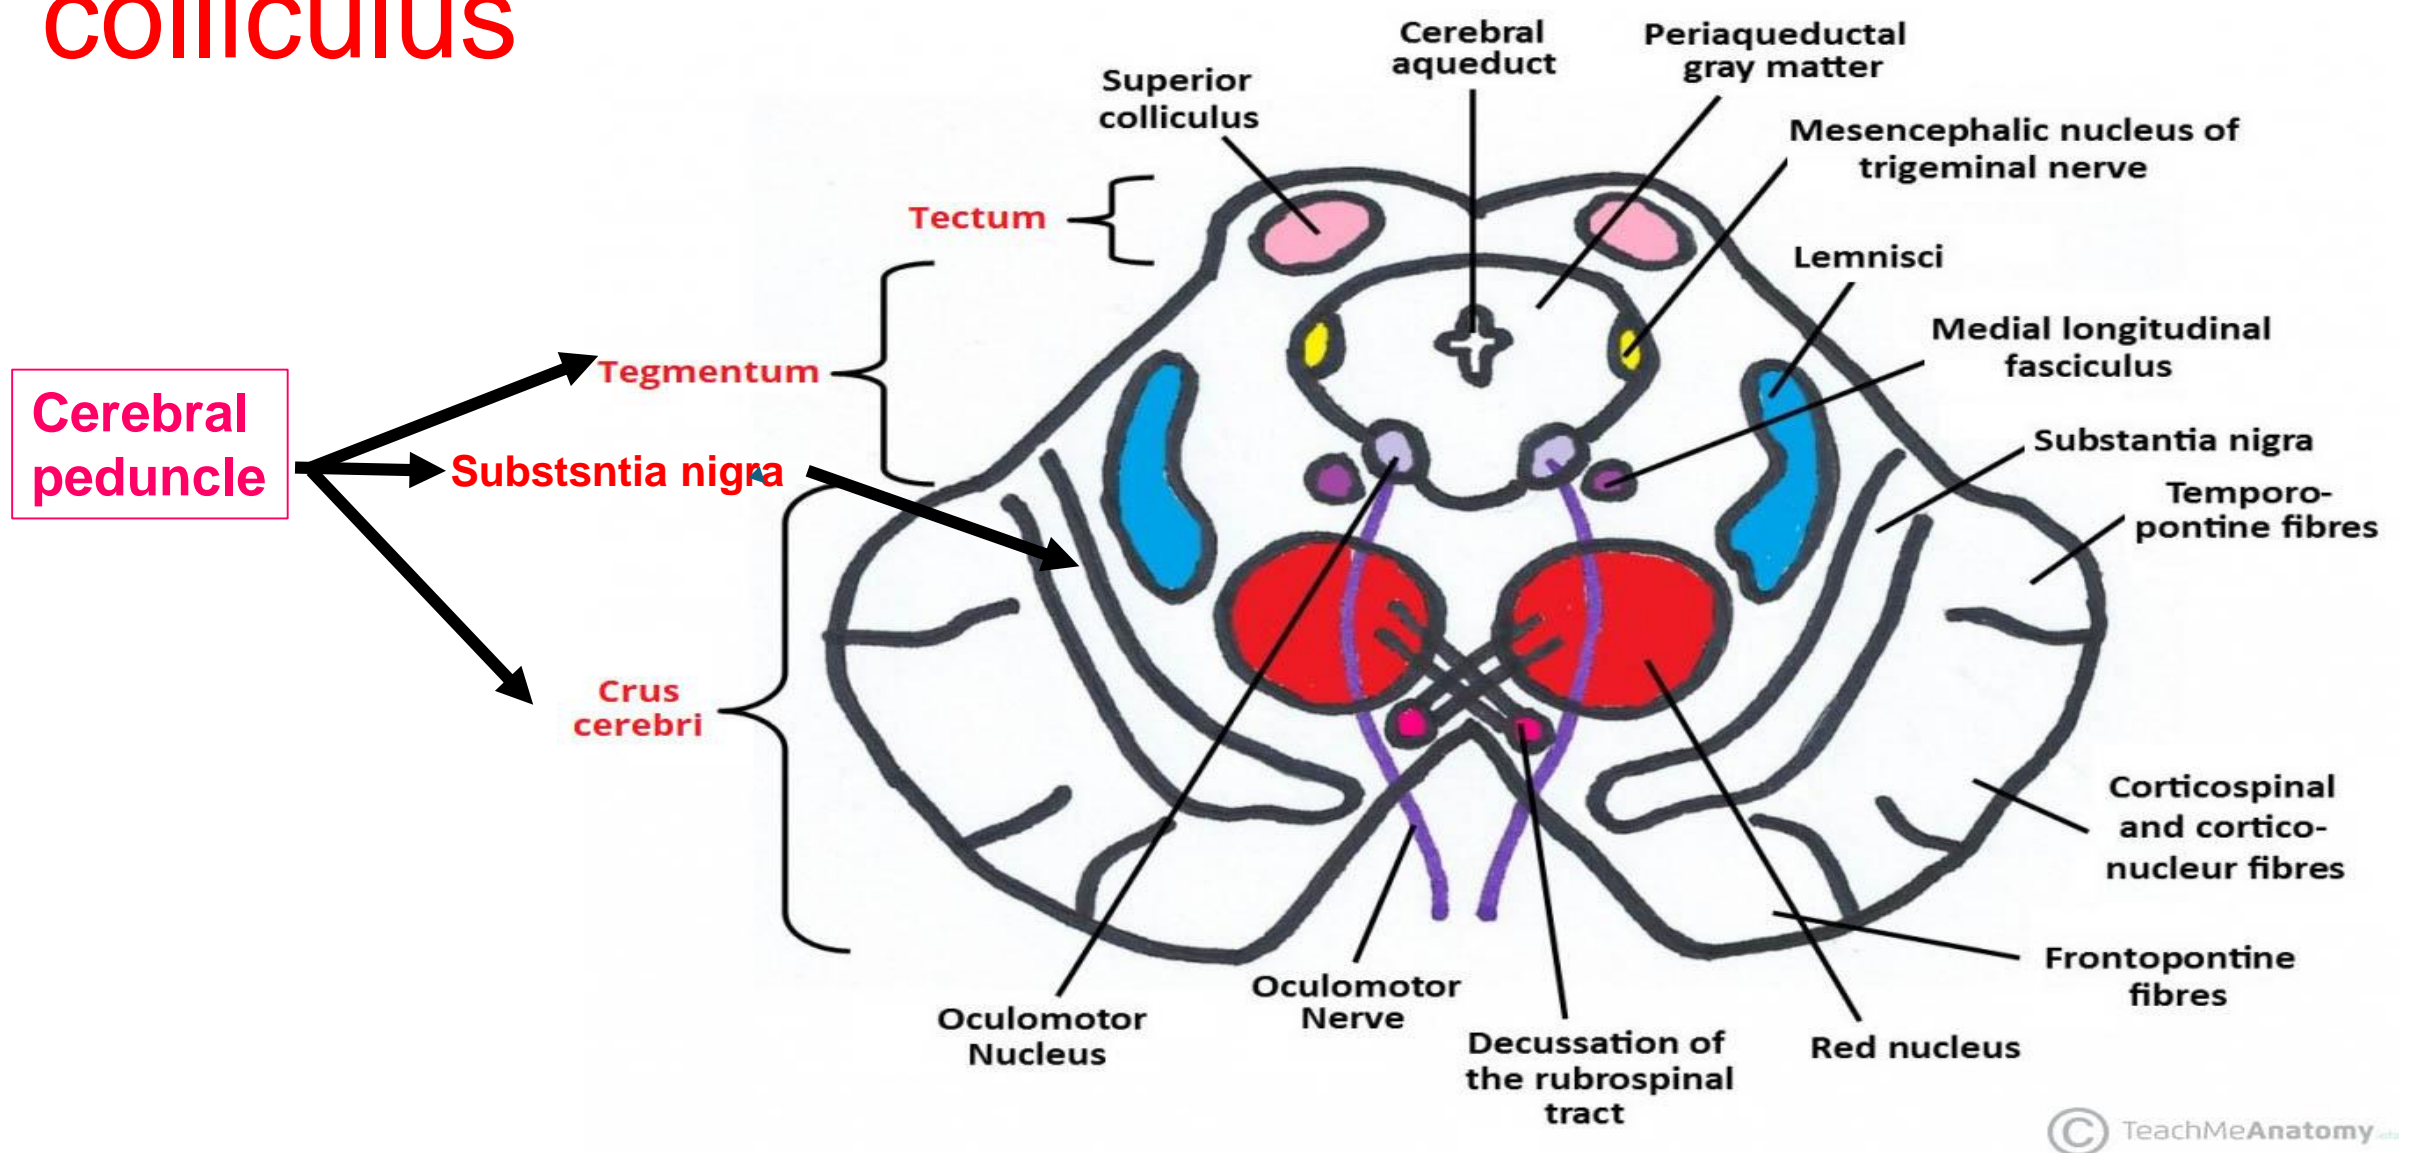

Transverse section of the Pons

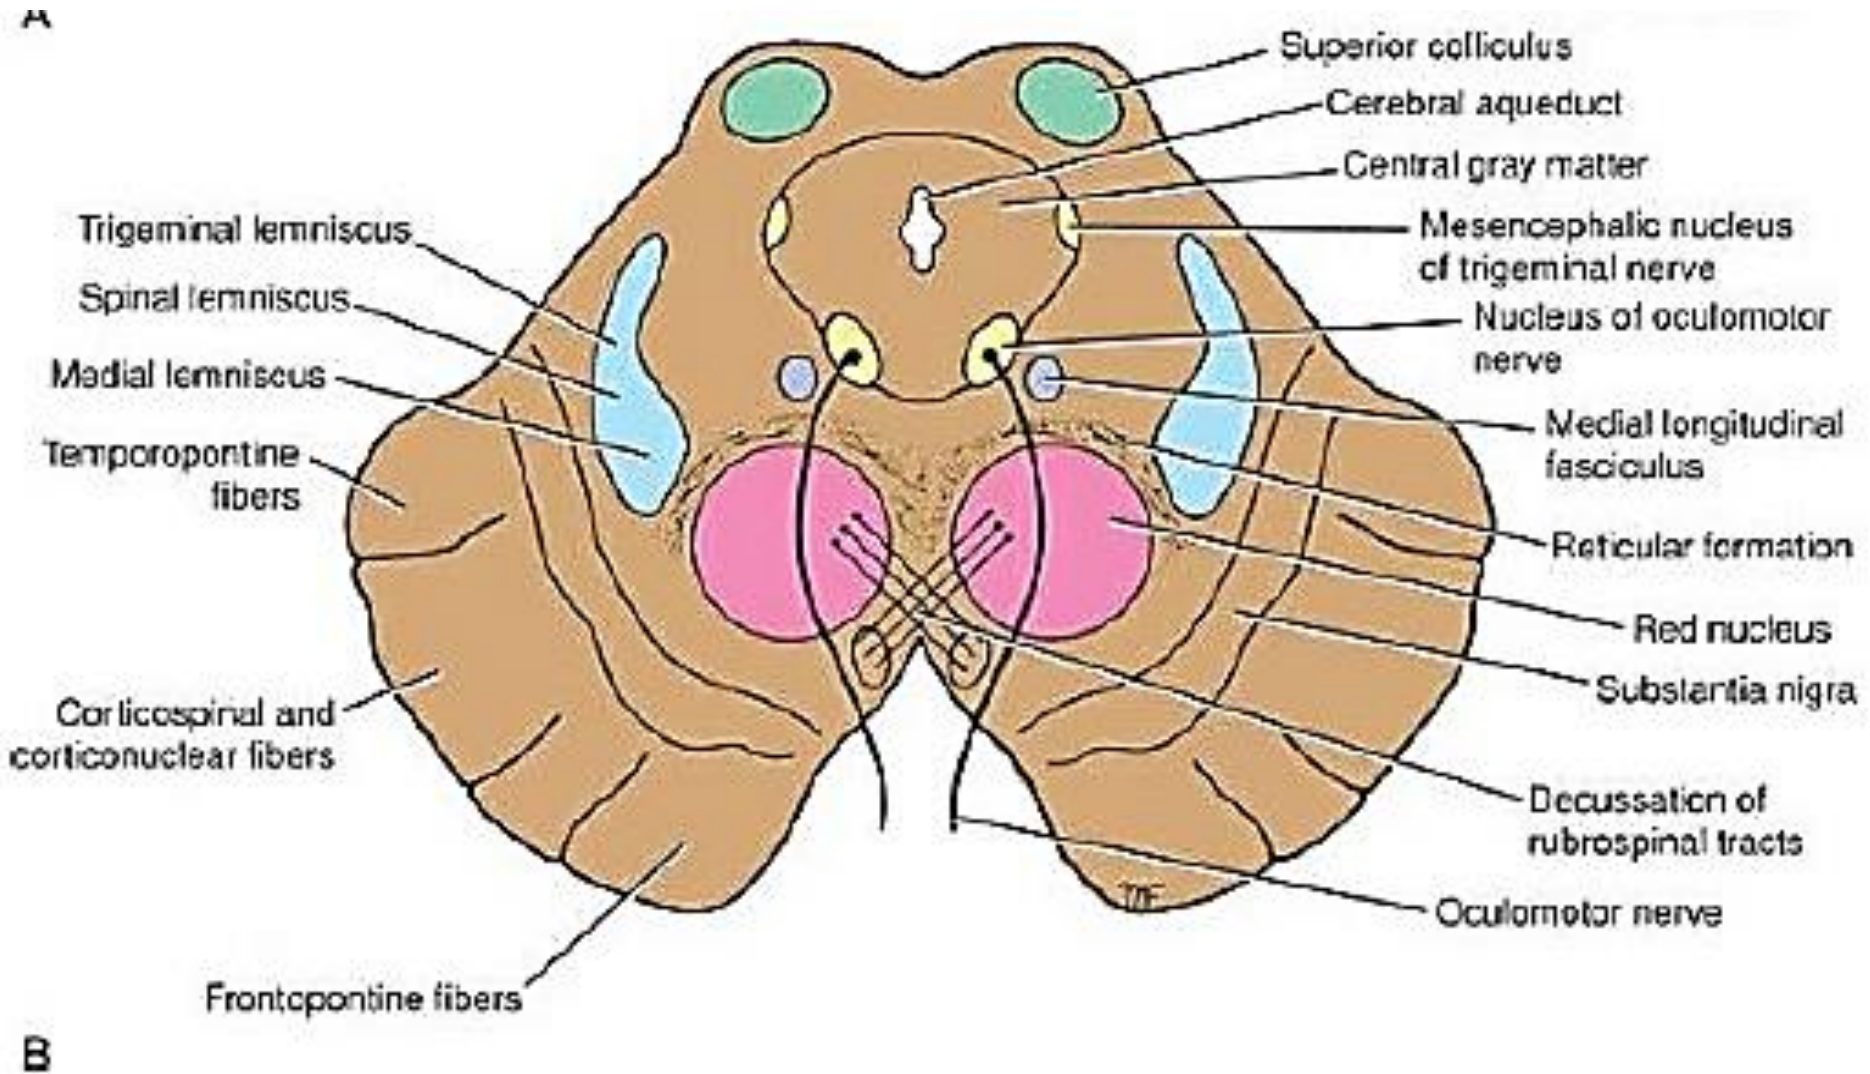

Transverse section of the Pons

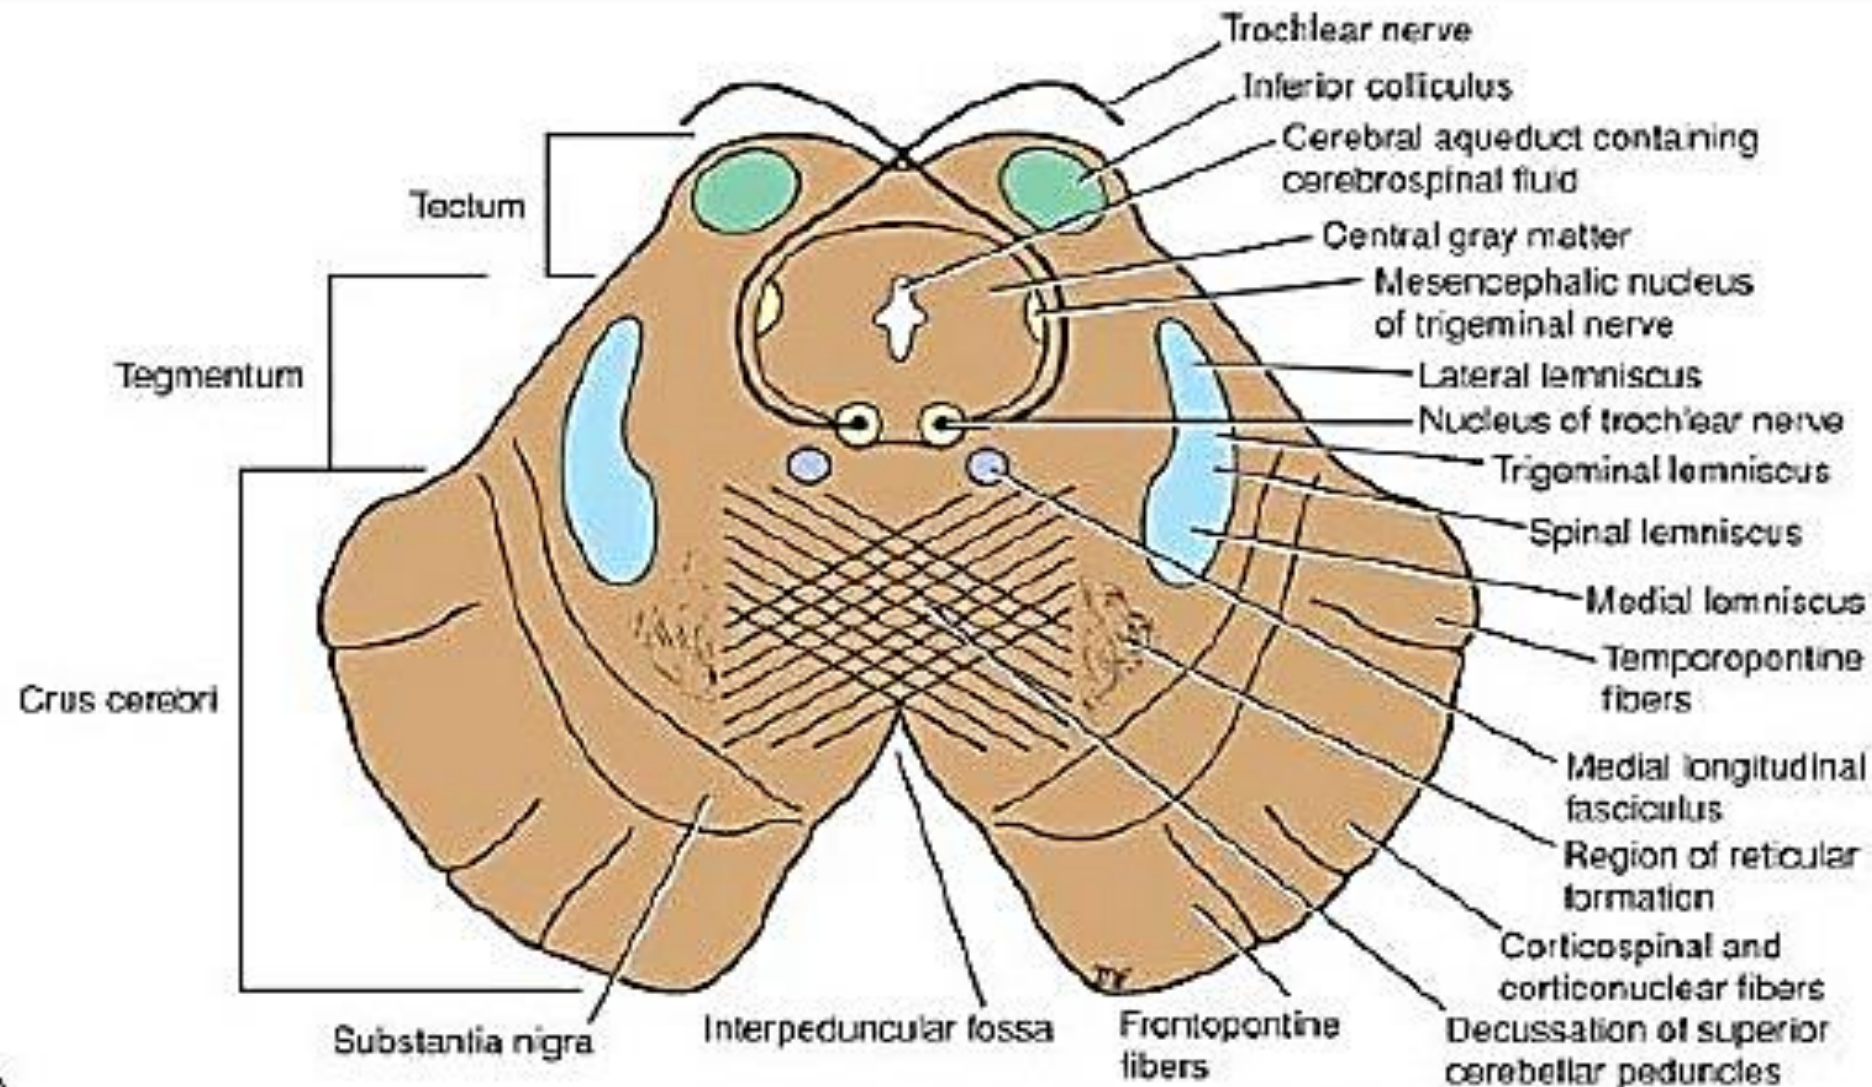

Midbrain cross section at the level of superior colliculus

Midbrain cross section at the level of superior colliculus

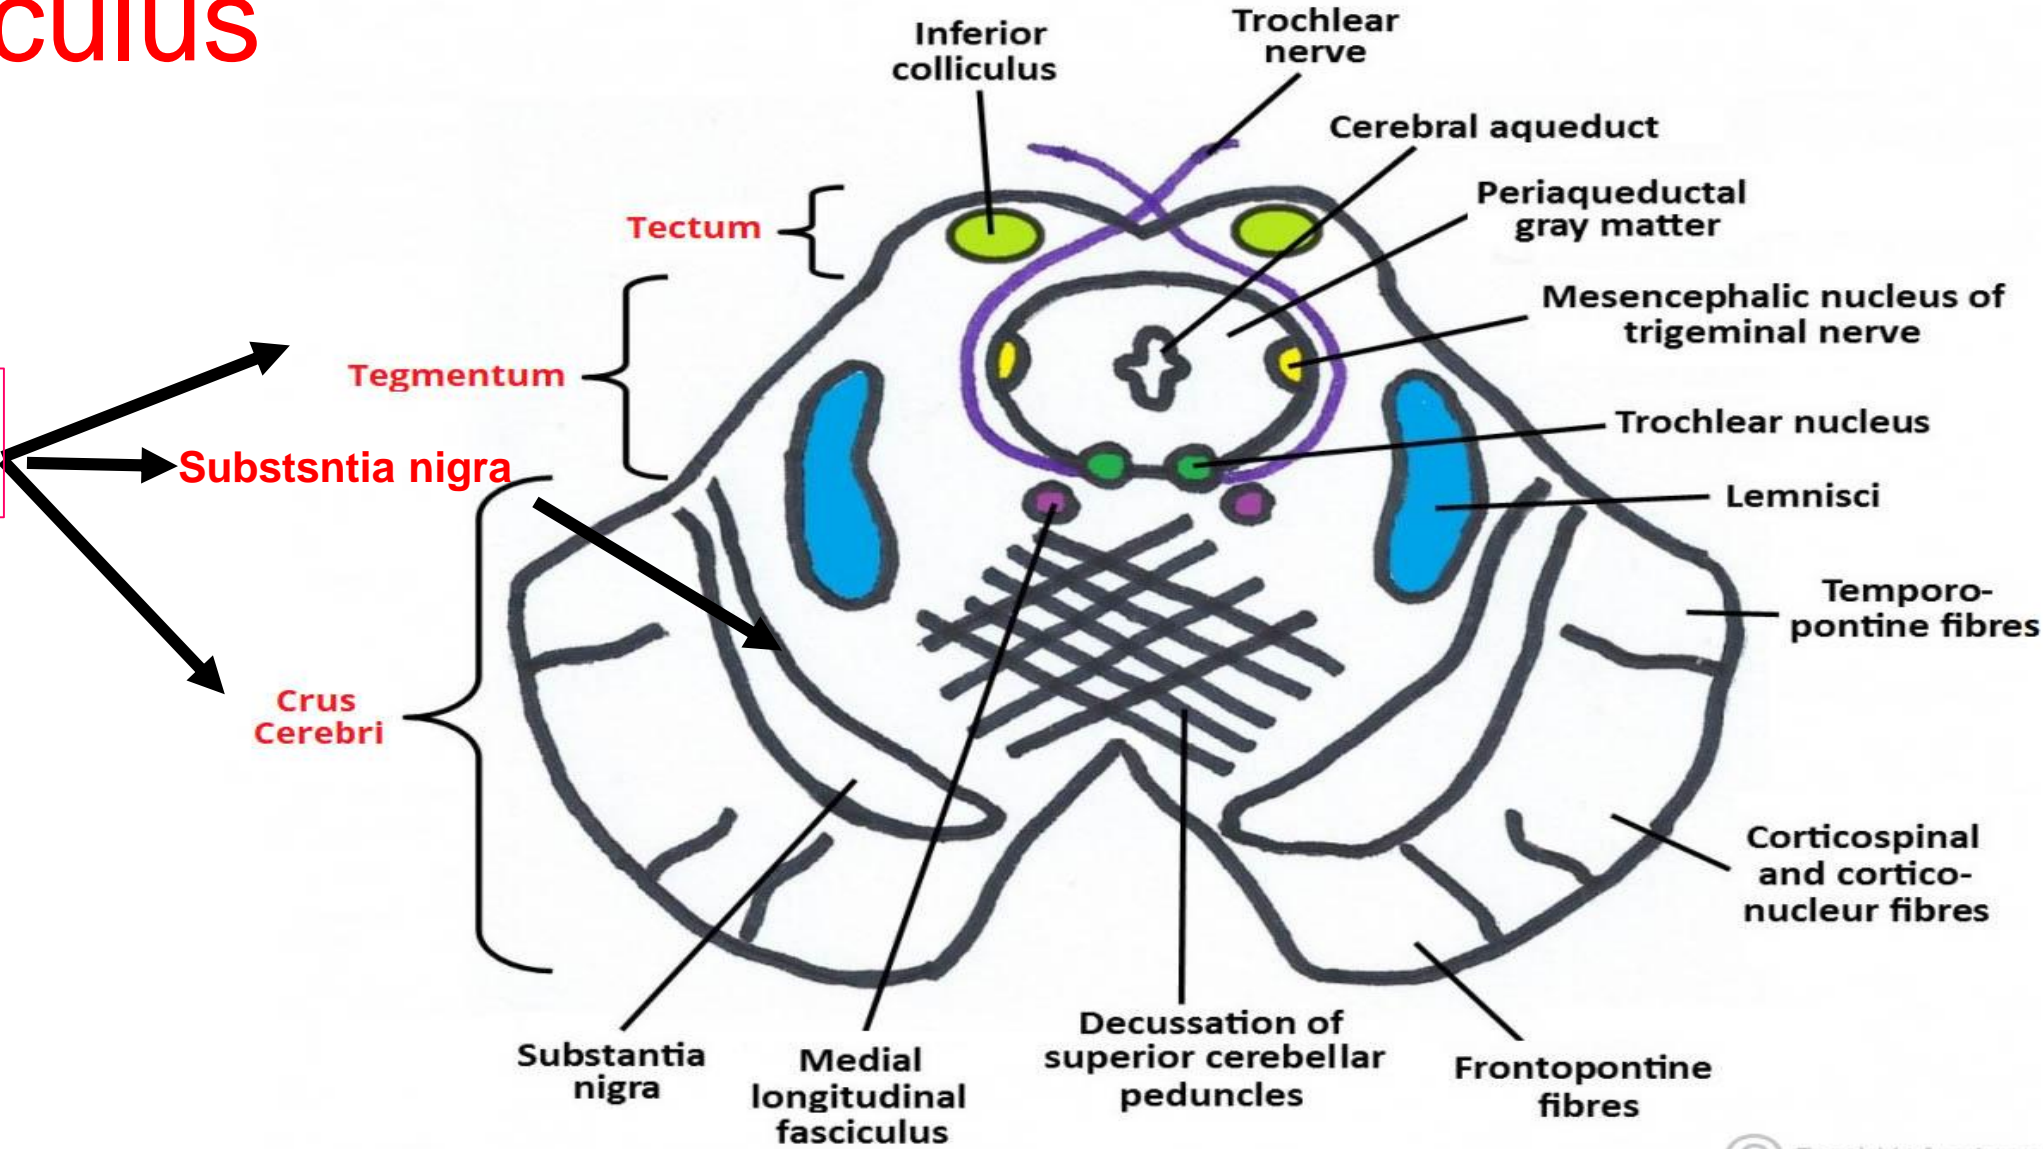

Midbrain cross section at the level of inferior colliculus

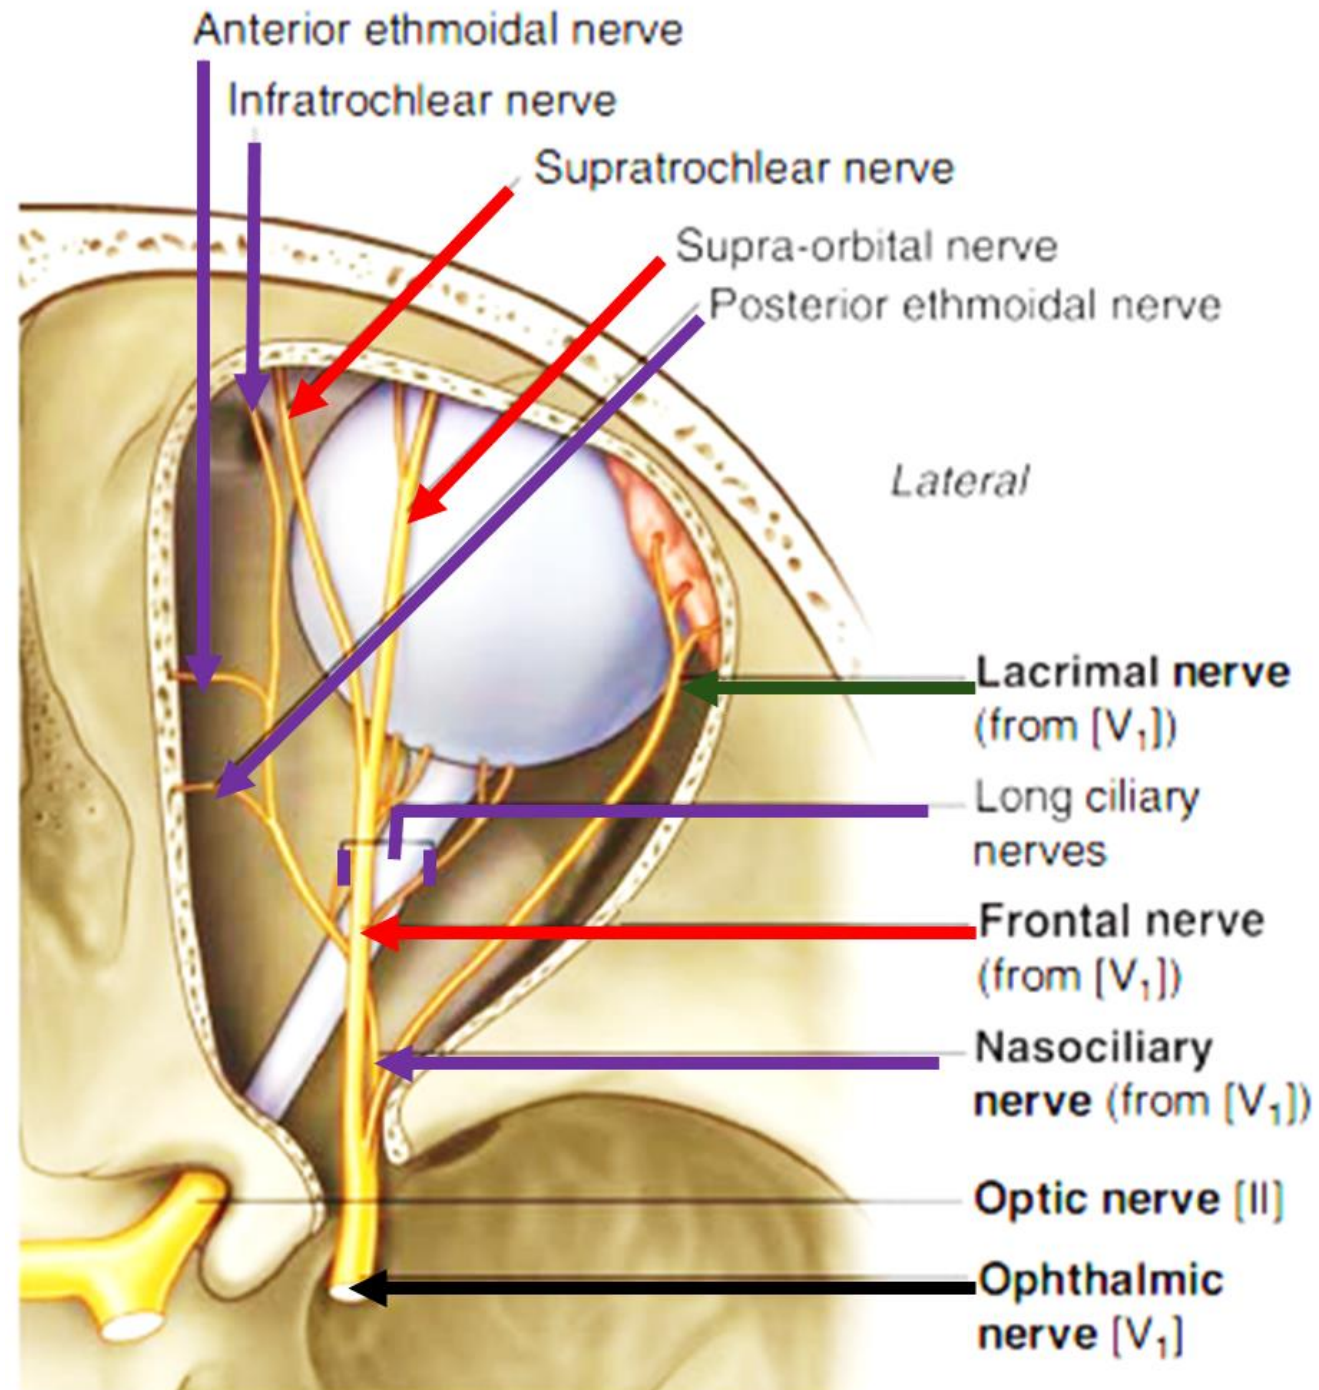

Midbrain cross section at the level of inferior colliculus

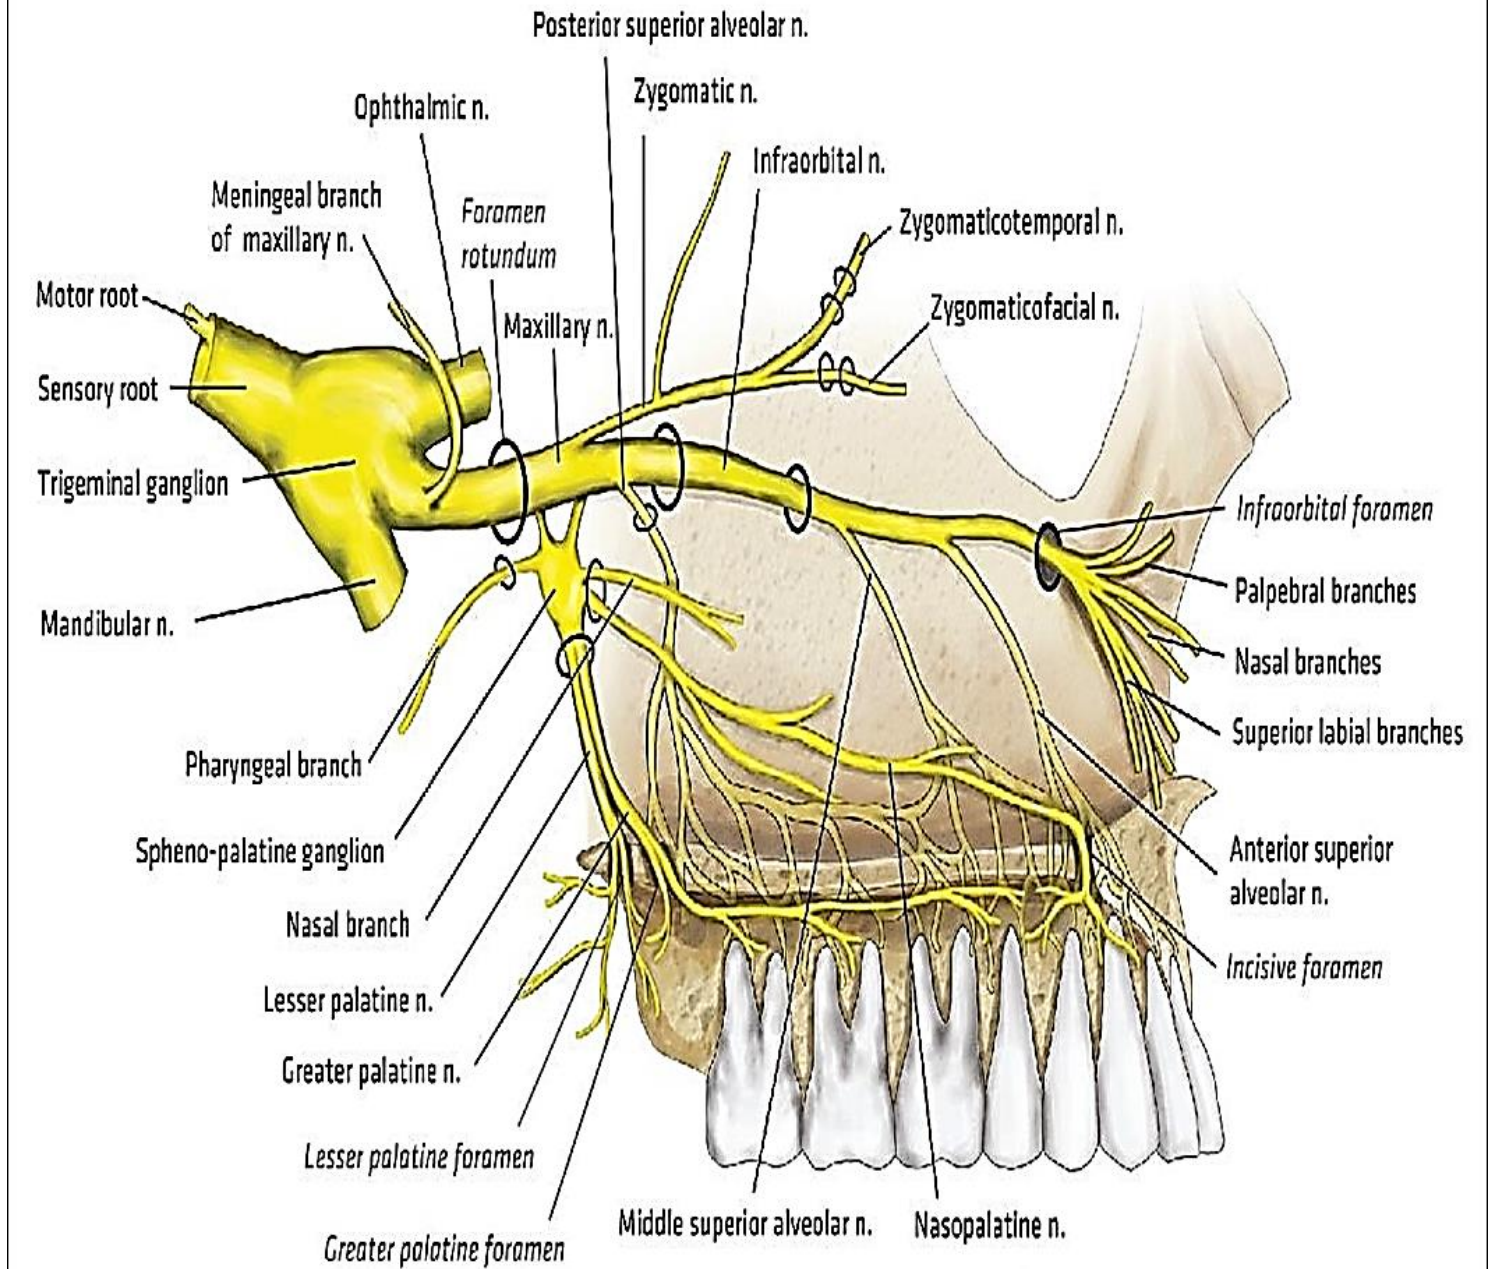

Cerebral peduncle

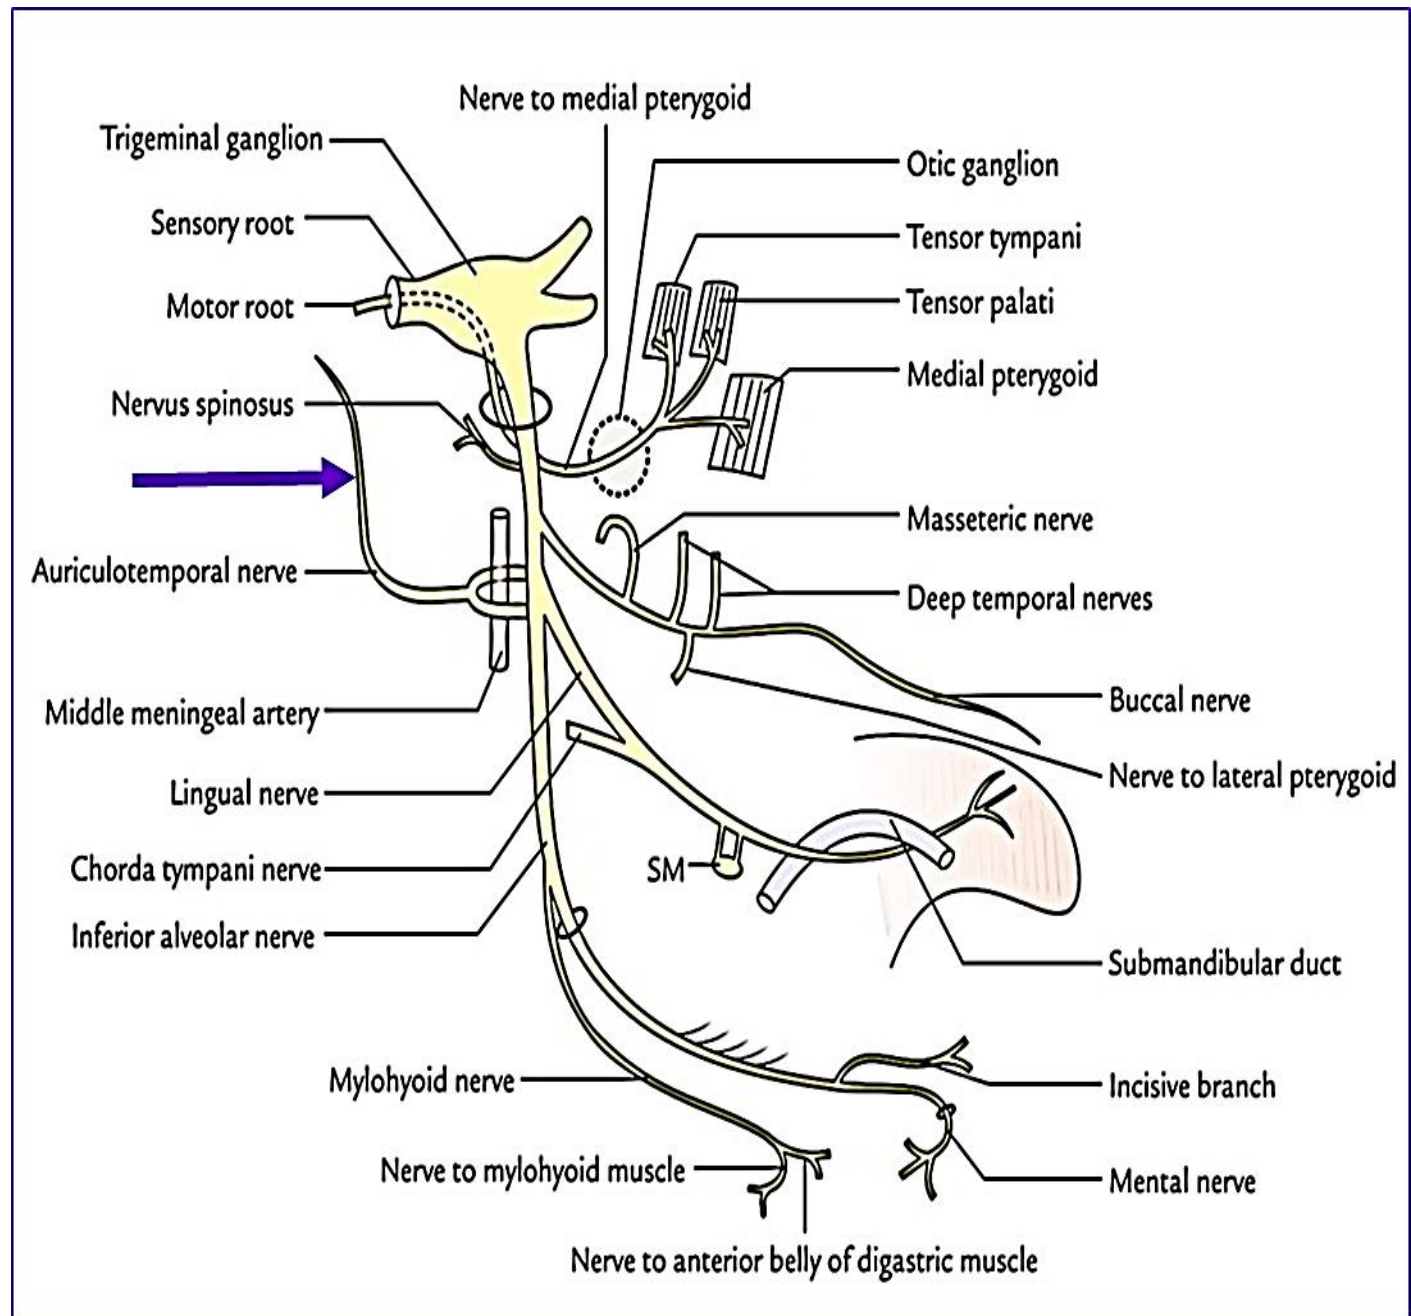

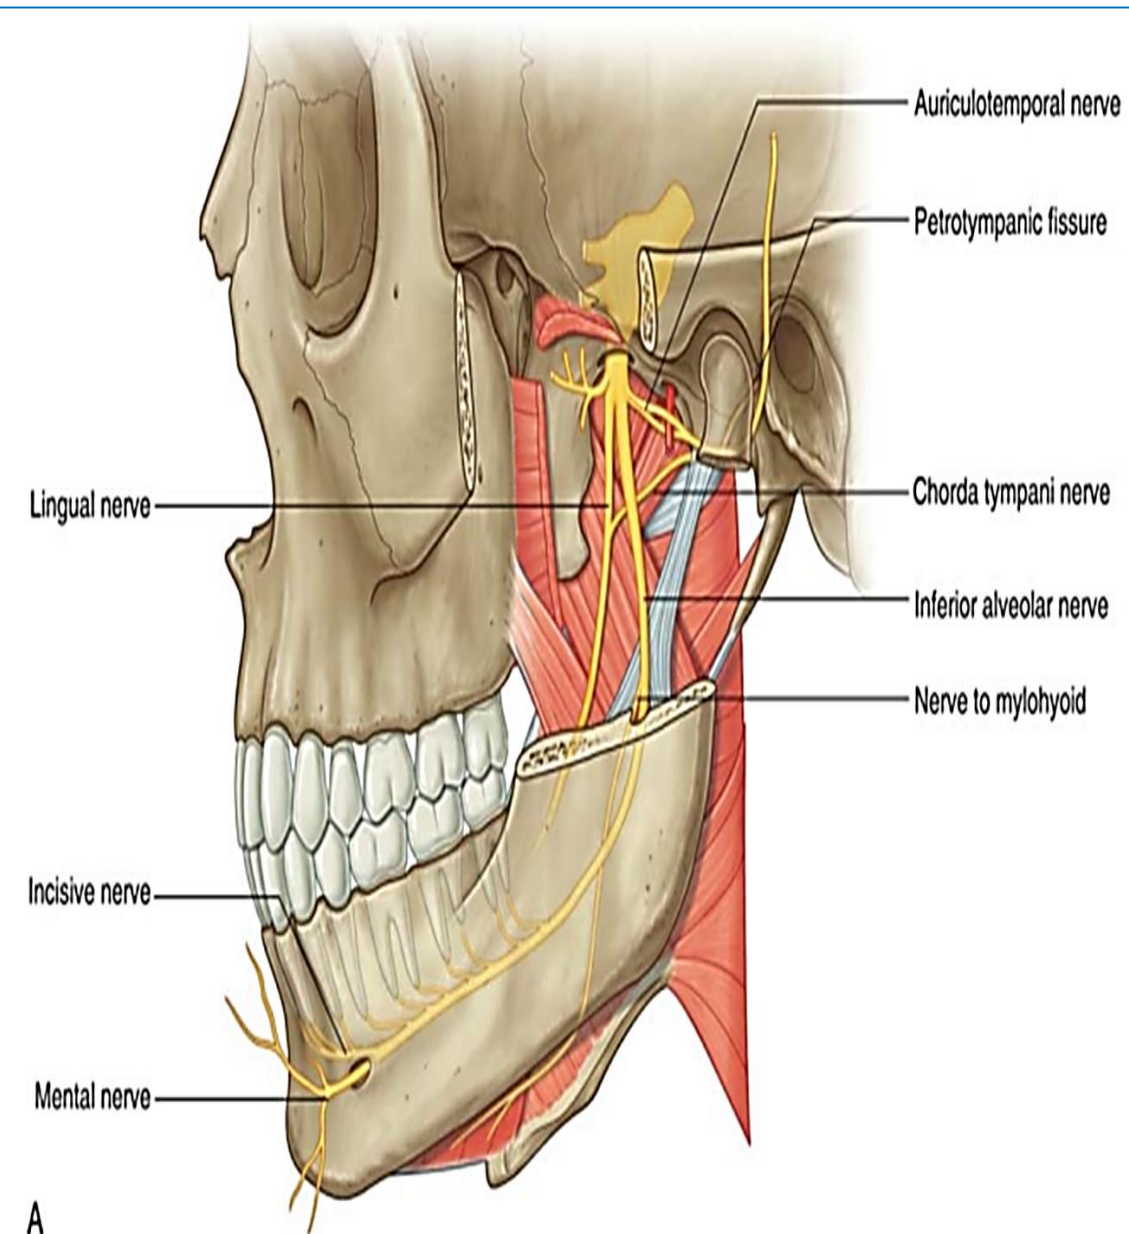

Ophthalmic nerve:

Maxillary nerve

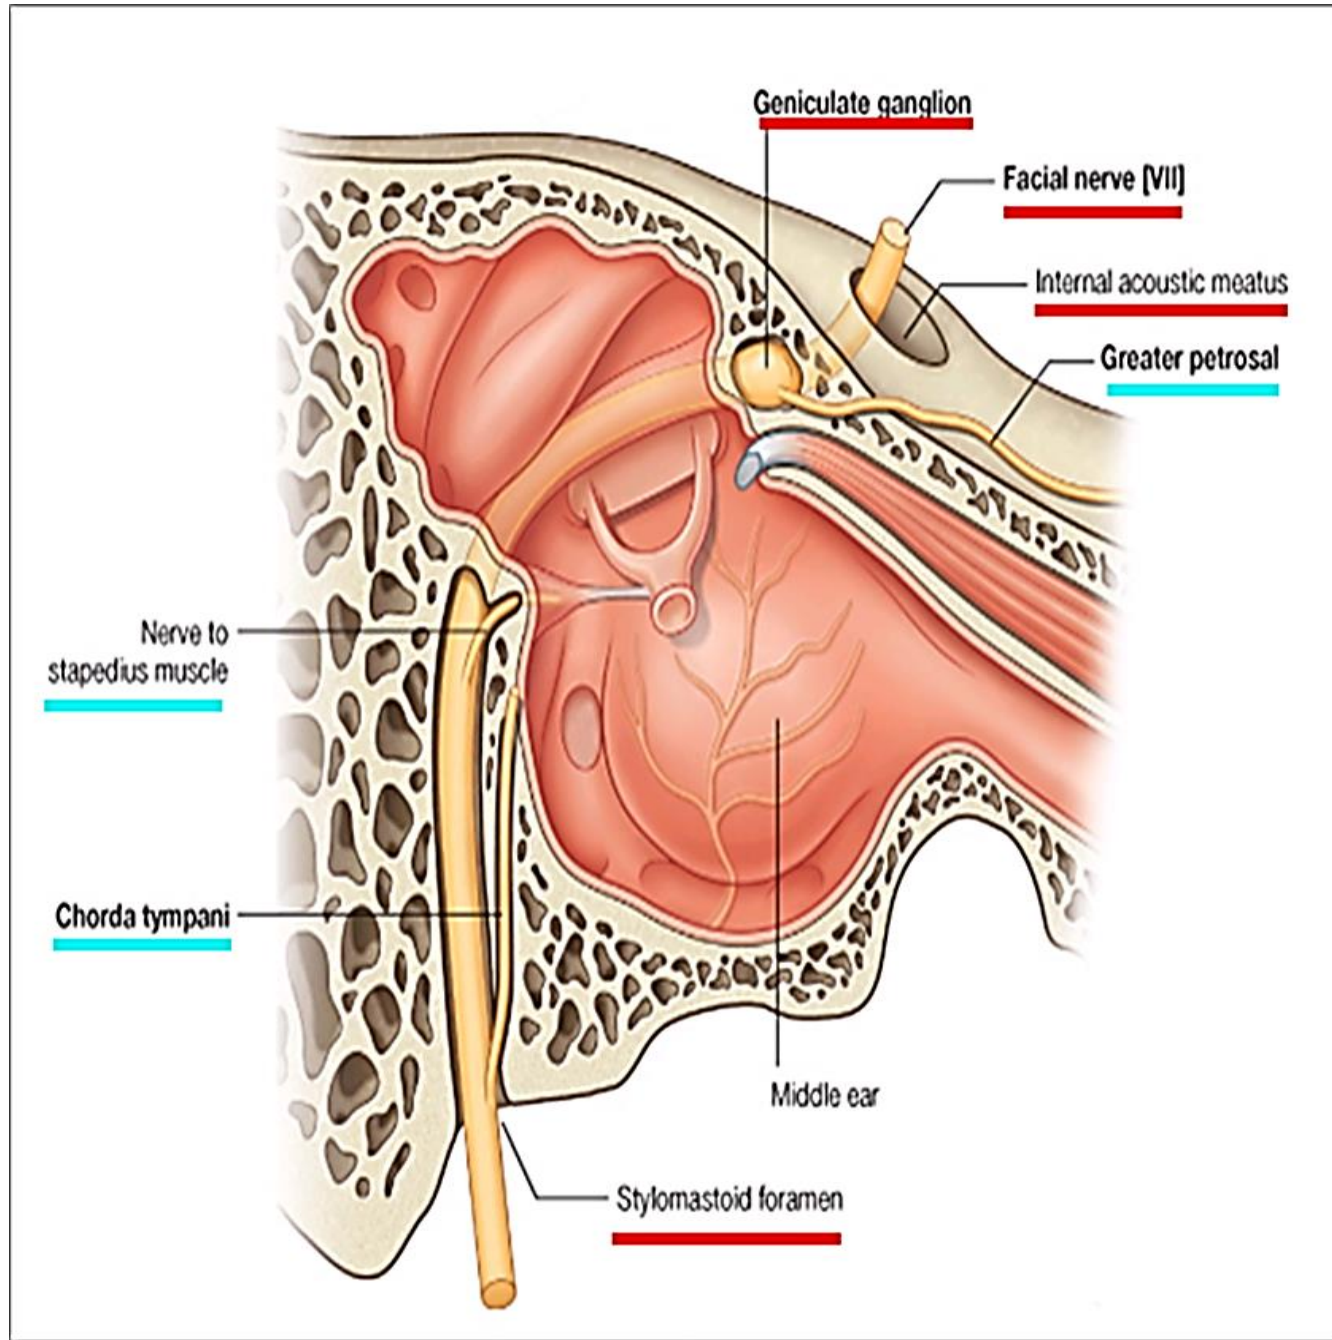

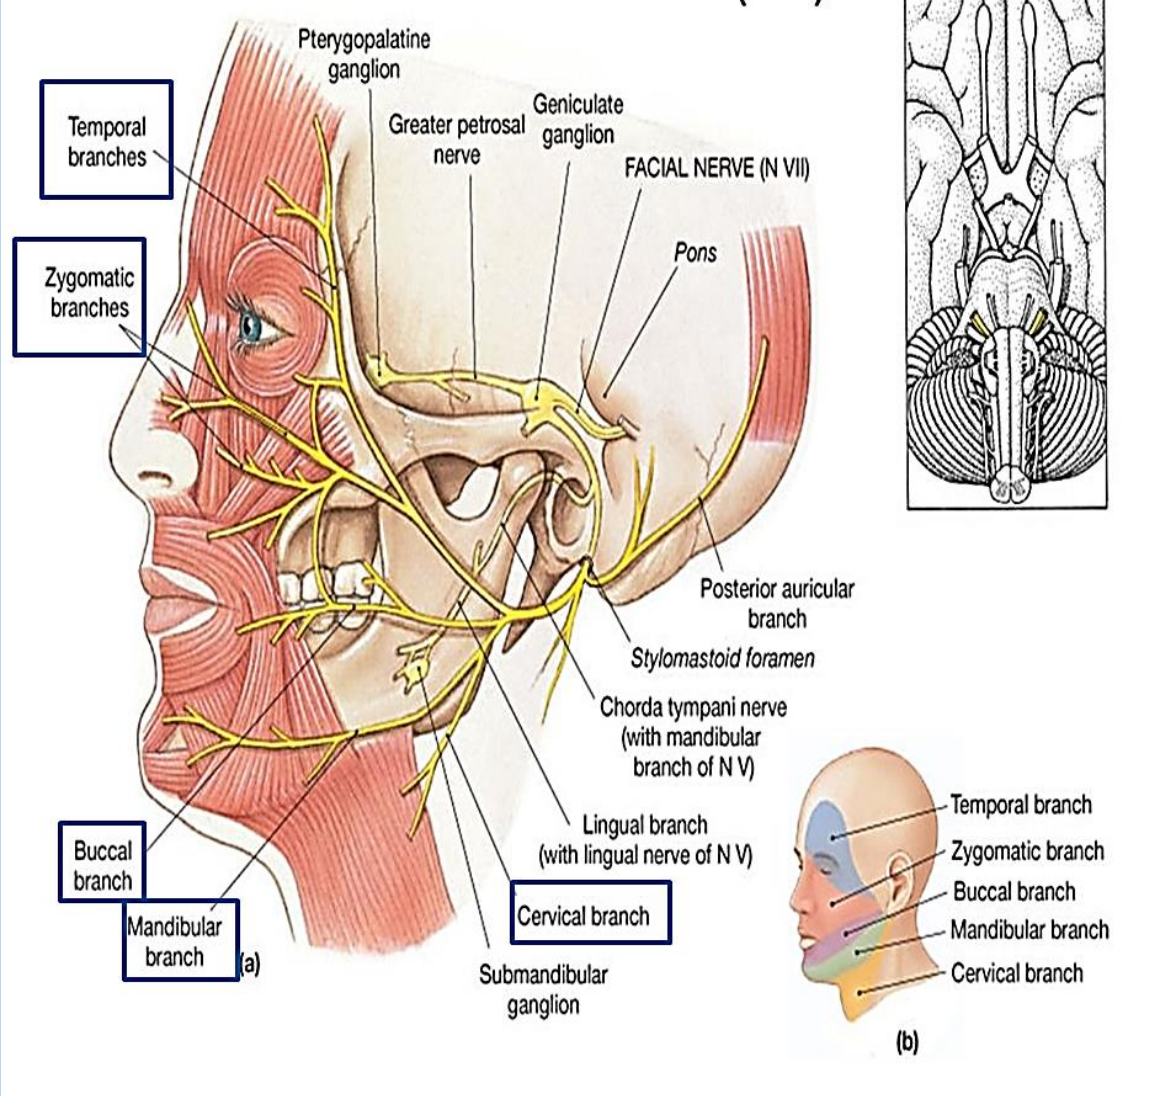

Mandibular nerve

Facial nerve

Facial Nerve (VII)

Identify the nerve and label the following diagram

Figure 1

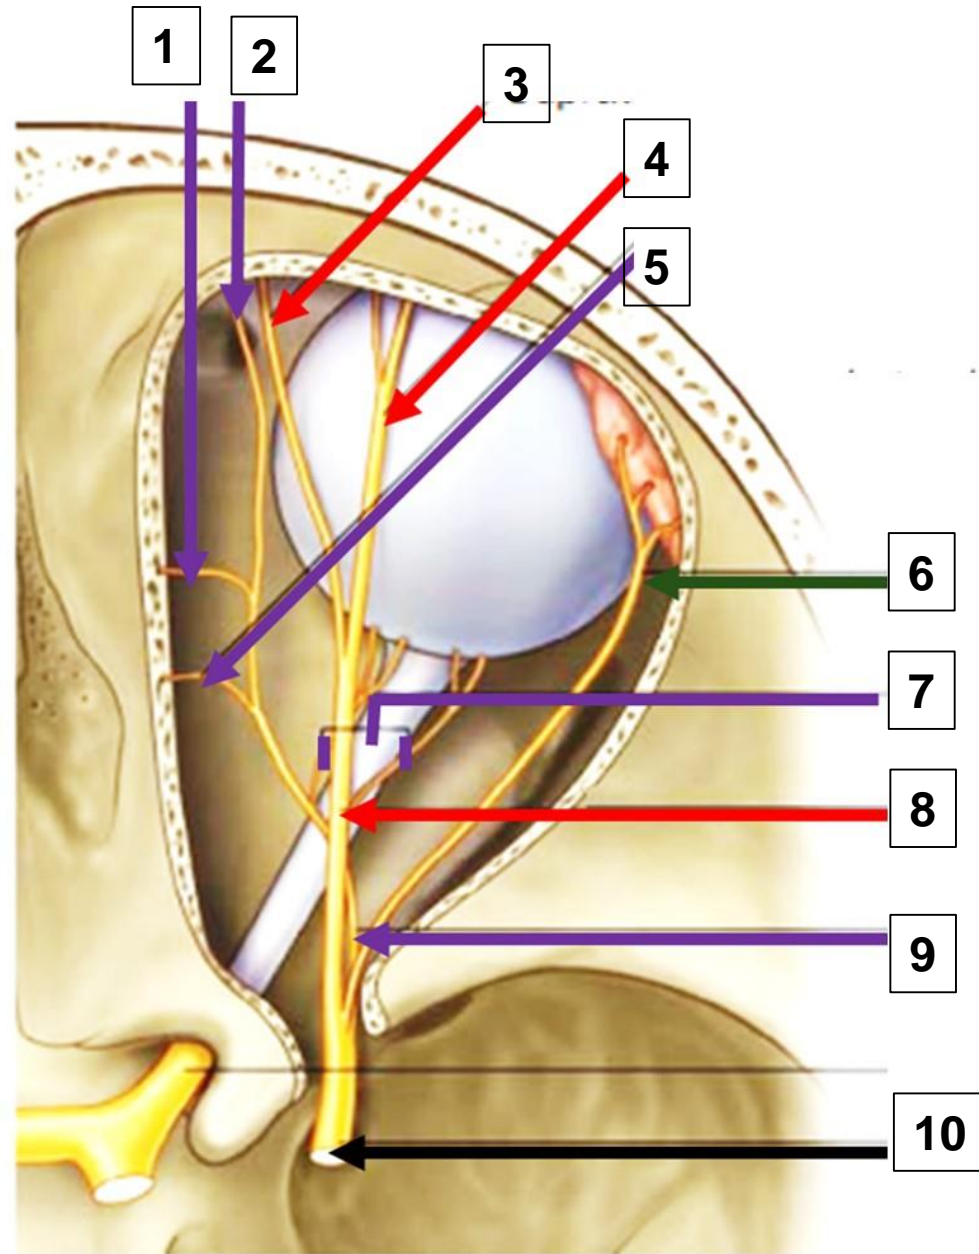

Figure 2

Identify the nerve and label the following diagram
